(510) 371-5373

## Experience

**Front-End Developer at Azur Creative Solutions**, San Jose, CA, 10/2018 – Present

Created a text notification platform for the city of san jose using ReactJS, and Twilio.

**Freelance Front End Developer**, Hayward, CA , 05/2018 – Present

Did websites for various clients using HTML, CSS, JavaScript, and Bootstrap.

## Education

**Berkeley City College**, Berkeley, CA

*AA Web Development*, December 2016 - June 2018

GPA 3.00

## Skills

- Programming Technologies: **HTML, CSS, JavaScript, ReactJS, Git, Bootstrap, Responsive Web Design, VIM, Styled-Components.**
- Soft Skills: **Communication, Teamwork, Patience, Open-Mindedness, Problem Solving.**

## Projects

**SJParks**, October 2018

The city of San Jose needs a platform to send updates to users about news of their park of choice. We built this platform for the city to add new administrators, add new parks, and a login page with username and password validation using the MERN stack. Technologies Used: **ReactJS, CSS, JavaScript, Styled-Components, Responsive Web Design, Git, Npm, CI/CD.**

**Weight Converter**, November 2018

I made a weight converter tool for my family to use when they are making their favorite recipes. I also made it mobile friendly so that instead of using a computer they can access my application through their phone web browser for accessibility, I restrained myself from using any frameworks to further develop my fundamentals. Technologies Used: **HTML, CSS, Bootstrap, Responsive Web Design, Git, NPM.**
